AXS - Large Shrouded Bracket Retrofit Pack

The AXS - Large Shrouded Bracket Retrofit Pack includes a bracket for easy mounting to your truck, dolly or trailer. Paired with 10mm flex conduit and extra nylon tube making install as easy as removing you pre-existing gauge and mounting you brand new AXS. The bracket is made of stainless steel for extra protection and durability as well as perfectly fitting existing holes made for the AXM/AXL.

AXS - Large Shrouded Bracket Retrofit Pack
